

MEDIA content rights sales: UEFA Europa League

Last Update: 28 September 2011

In accordance with the principles established by the European Commission, the UEFA Europa League™ (seasons 2009/2010 to 2011/2012) media content rights sales process will be conducted by TEAM Marketing AG on behalf of UEFA on a market-by-market basis. Such process will involve an 'Invitation to Submit Offer' (ISO) inviting all Qualified Content Distributors to submit offers for various media content rights.

Rights will be offered on a platform neutral basis. As a result, successful bidders for live match rights will benefit from exclusivity across all media platforms (including television, Internet and mobile) throughout the entire live match.

Qualified Content Distributors only

For these purposes, a 'Qualified Content Distributor' is an organisation with the capacity to distribute audio-visual content via any transmission technique. This may include (but shall not be limited to) television broadcasters, Internet service providers, mobile networks and/or IPTV operators.

Staggered sales process

The sales process will be staggered with different start and end dates per market. Once such process has started for a market, Qualified Content Distributors will be able to request the ISO from TEAM Marketing AG at the following e-mail address: iso-europa@team.ch
