

FIFPro 2012 Tournament

Invitation

On Saturday 21 and Sunday 22 July the worldwide players' association FIFPro organises in Rijnsburg, The Netherlands, for the seventh time, the **FIFPro Tournament** for professional footballers in search of a new contract. Also UEFA expressed its full support to this unique event.

At the **FIFPro Tournament** more than 100 professional footballers, who were still actively playing for a professional club during the last season, will get the chance to show their skills to scouts and clubs. A player can be out of contract for several reasons: an injury, a coach preferring other players, or a winning team, which remains unchanged. In previous years we have seen that more than 50% of the players actually succeeded in signing a new contract, in their own country or elsewhere, via the **FIFPro Tournament**.

Beside the host country, The Netherlands, the participating countries will be France, Portugal, Spain, Slovenia and Denmark.

Two days long the **FIFPro Tournament** is an unique mix of both young promising players and experienced players, who all have in common that they believe they deserve a place in professional football and they all are determined to show this during the FIFPro Tournament.

If you want to visit the **FIFPro Tournament**, please contact FIFPro (see details below). Rijnsburg is at 15 minutes of Amsterdam Airport and is very easy to reach. FIFPro can offer you accommodation from Saturday 21 until Sunday 22 July in the Hotel Holiday Inn in Leiden, where also all the participating players are accommodated.

FIFPro warmly recommends you to come to the Tournament and the Prozone presentation on Player Recruitment and we hope to welcome you on 21 and 22 July .

Yours sincerely,

Theo van Seggelen
Secretary-General FIFPro
